RETURNING A WETSUIT? Wetsuit returns are to be packed loosely so they are not crushed in transit. If they are returned tightly packed and creased this will void your return

How to return to us:

Print this form & include it in your parcel. We only accept returns with this form included.

Returns are only accepted within 2 weeks of purchase date & items must be in brand new, un-used condition unless faulty.

We suggest sending with a tracked courier service to ensure you can trace the delivery.

Wettie do not accept any responsibility for returns that go missing in transit back to us.
